Is this a commercial or personal website?

Are you local or out of town?

Is there a specific budget you need to stay within?

How many pages including the Home page (Index) are you looking for? (Please list the pages)

How much artwork is necessary?

Do you have any pictures of the layout/style that I could see, to visualize?

Do you currently own a domain or do you need my assistance to create one?

Tell me briefly about your business/hobby that you would like a website for:

Do you have a preferred color scheme?

Are there any particular websites you were fond of that we could get ideas from in order to create the perfect website for you? (Please specify)

Do you need stock photos purchased or will you provide the photos?

Do you plan to sell products online using shopping carts or do you want customers to contact you through e-mail/phone with their orders?

The above questions will give me a closer idea about what you are looking for. I look forward to talking to you about the finer details.
